1. INTRODUCTION

These Regulations specify the minimum requirements the student must meet in terms of: admission; academic requirements including progression, attendance and participation, withdrawal, and termination of studies; assessment; and programme management. The student Programme Handbook provides additional guidance to support students.

Please note that additional requirements may operate for individual programmes. These can be found in the appropriate Programme Handbook.

This document must be considered alongside the University Assessment Policy for taught provision and the Student Terms and Conditions for 2019/20.
2. ENTRANCE REQUIREMENTS

2.1 In order to be admitted to a programme the student will be required to have obtained entrance qualifications as determined and approved by the School Board, taking account, where necessary, of any requirements specified by an appropriate professional body. Entrance qualification requirements are specified annually in University publicity materials. If at any time during studies the student is found to have provided false information about the qualifications presented for admission to the programme, studies may be terminated. (See Regulation 3.4).

2.2 Appropriate qualifications and/or experience may entitle the student to admission to an advanced year of the programme. Advanced entry admissions decisions are made by the School in accordance with the University and School Policy and Guidance on Recognition of Prior Learning.

2.3 In order to be admitted to a programme which is professionally accredited the student will be required to satisfy the requirements of the Police Act 1997, Part V. This requires the student to register for the Scottish Government Protecting Vulnerable Groups Scheme. If the student does not meet the requirements of the School or any appropriate professional body in respect of criminal record disclosure, studies will be terminated. (See Regulation 3.4).

2.4 If the student is required to have obtained registered status with a professional body in order to be admitted to the programme, the student will be required to retain registered status for the duration of studies. If the student loses registered status, studies may be terminated. (See Regulation 3.4).

2.5 Students shall be required to matriculate in each year of study and pay the required fee.
3. ACADEMIC REQUIREMENTS - GENERAL

3.1 General progression requirements

3.1.1 In order to progress or to complete a programme and become eligible for an award, the student must satisfy the Board of Examiners that they have met the minimum accumulated credit requirements for the programme as outlined in the appropriate table on pages 5 – 7.

Progression to a subsequent year of study requires the student to have gained the minimum accumulated credit set out in the table. However, in the event the student fails a module, following approval of the Board of Examiners, they must retake it in the subsequent year of study (or take such other equivalent module as may be appropriate to the programme requirements and approved by the relevant Programme Director or ITE Academic Lead (MA Education only) and Board of Examiners) in addition to the normal programme of work for that year. See Section 4, on Assessment, for further guidance.

* These minimum periods of study apply to students who are required to complete the full programme credit requirement. Exceptions will apply if the student has been awarded credits on the basis of APL or APEL

** the maximum amount of credit that can be claimed is 50% at the final level of the award (as per 3.3 of the University Policy and Guidance on Recognition of Prior Learning)

***unless placement retrieval is required

****September 2016 entrant cohort only - a minimum of 100 credits at Level 10 is required
3.1.2 Full time students, the maximum period of study for any exit award is one year more than the minimum period of study specified for that award. (See table at Regulation 3.1.1).

3.1.3 Part-time students, the maximum period of study for any exit award is two years more than the minimum period of study specified for that award. (See table at Regulation 3.1.1).

Part-time students who have been granted credit on the basis of RPL, the maximum periods of study will vary accordingly and will be worked out on a pro-rata basis.

3.1.4 If students do not meet the requirements of Regulations 3.1.1, 3.1.2 or 3.1.3, studies may be terminated. (See Regulation 3.4).

3.1.5 The award given will be the highest level of award to which the total accumulated credit entitles the student at the end of studies. Students may receive an exit award only upon completing studies and leaving the School.

3.1.6 Honours students, the classification of the Honours award the student will be eligible to receive is determined by the student’s academic performance in Years 3 and 4 of the programme. Details of the Honours classification applicable to the student’s programme are provided in the Programme handbook.

3.1.7 If on completion of studies the student is in debt to the University or has failed to return library books or teaching resources, the student will not be permitted to graduate.

3.2 Attendance and Participation (BA (Hons) Comm Ed, BA(Hons) SW & MA(Hons) Ed)

3.2.1 If attendance or participation in any module or period of practice is deemed by the School to be unsatisfactory, normally below 80%, progress will be considered by the Board of Examiners. If attendance is deemed unsatisfactory prior to commencing practice, the Board of Examiners will consider this progress also. In some cases, students may not be permitted to progress under Regulation 3.1.1. Students must comply with the University’s Attendance Monitoring Policy.

3.3 Withdrawal, Temporary Absence and Discounted Periods of Study

3.3.1 Students may withdraw temporarily from studies for a period of up to two years by obtaining the prior written approval of the Programme Director* this is normally granted for up to 12 months at a time. The Programme Director will determine the terms under which they will be allowed to resume studies.

3.3.2 Periods of absence for which temporary withdrawal approval is obtained are discounted for the purposes of Regulations 3.1.2 and 3.1.3.

3.3.3 Full-time students who are granted temporary withdrawal; will normally be required to recommence the year during which they withdrew. Students will not normally, during that repeat year, be required to repeat any modules or periods of practice which they have already completed and for which credit has been awarded.
3.3.4 Full-time students who are absent from studies for a period of 6 weeks or more and have not had the period of absence approved as required under Regulation 3.3.1, may have their studies recommended for termination. (See Regulation 3.4).

3.3.5 If a part-time student is deemed by the Programme Director not to have engaged with studies for a period of 12 weeks (for example, through non submission of assessments, not responding to University emails or participating in Virtual Learning Environment activities) and have not had the period of absence approved as required under Regulation 3.3.1, they may have their studies recommended for termination (See Regulation 3.4).

3.3.6 If a full-time student is absent for a period of over 6 weeks without approval under Regulation 3.3.1 and the absence is due to medically certified illness, students may be permitted to seek retrospective approval for a discounted period of temporary withdrawal. Any absence should be reported by the student supported by either a self-certification form available from the university website (for absence up to a maximum of 7 days) or by a GP medical certificate (for absence greater than 7 days).

3.3.7 Students may withdraw permanently from studies by informing the Programme Director in writing of their wish to withdraw. The Programme Director will inform the Board of Examiners of the request.

*Please note the following with regard to any reference to Programme Director in Section 3.3 - for the MA Education programme this function is carried out by the ITE Academic Lead.*

3.4 Termination of Studies

3.4.1 If studies are recommended for termination, the student will have the right of appeal to the School Termination of Studies (Appeals) Committee. Appeals should be made following the University’s Undergraduate Appeal Procedure Regulations. See http://www.dundee.ac.uk/pgla/dca/appeals/ug-appeals-regulations/.

If the appeal is successful, the student will be permitted to continue their studies subject to such conditions as the School may determine. If the appeal is successful, the student will not be required to repeat any modules or periods of practice, which have already been completed and for which credit has been awarded. If the Committee requires the student to repeat a year, the repeat year will be discounted for the purposes of Regulations 3.1.2 and 3.1.3.

3.4.2 If an appeal is rejected by the School Committee, it will be reconsidered by the Senate Termination of Studies (Appeals) Committee. If the Senate Termination of Studies (Appeals) Committee upholds the student’s appeal, they will be permitted to continue their studies subject to such conditions as the School may determine.

3.5 Suspension of Studies

3.5.1 Criminal Charges: Students are required to inform the School Manager of any criminal charges which are made against them whilst a student. Failure to do so may result in the suspension of studies.
3.5.2 Conduct: If student conduct, either on or off University premises, is deemed by the Dean to be unsatisfactory, they may be suspended from studies at any time. If required the School Fitness to Practise Committee may be convened to consider issues of conduct.

Unsatisfactory behaviour is defined as any serious, unprofessional behaviour, which, in the opinion of the Dean, may adversely affect clients, service users, other students, teaching staff or the reputation of the University.

The University has a responsibility to ensure that students studying towards a professional qualification are fit to practise in their chosen profession. The University must not graduate students where fitness to practise concerns have been raised or are under consideration.

The University has a process to identify and deal with students whose fitness to practise may be impaired.

A student’s fitness to practise may be impaired by one or more of the following:

- misconduct;
- professional incompetence;
- a health issue.

Students should familiarise themselves with the University Procedure.

3.5.3 If studies are suspended under Regulation 3.5.1 or 3.5.2, the Dean will, within 10 working days, either re-admit the student to studies with immediate effect or institute proceedings under the University’s Student Discipline Ordinance 40 and relating Student Discipline Procedure.

3.5.4 In addition to Regulations 3.5.1 and 3.5.2, the student may be liable to the disciplinary procedures of the professional body under which the programme is professionally validated or those of the agency or institution in which they are undergoing practice.

3.5.5 Where the Dean does not apply his/her powers under Regulation 3.5.1 or 3.5.2, the Dean or other Authorised Officer may directly institute proceedings under the University’s Student Discipline Ordinance 40.
4. ASSESSMENT

4.1 The method of assessment in each module (including practice) and the requirements for completing the module will be determined by the examiners for that module and approved by the School Board.

4.2 If the student passes a module, they will be awarded the credits for that module.

4.3 If the student fails a module they may be reassessed once (2nd attempt) by such means that the Board of Examiners decide is appropriate.

4.4 If the student fails a single resubmission the Board of Examiners may, in exceptional circumstances and taking account of mitigating circumstances presented, use its discretion to allow a further resubmission of that module (3rd attempt).

4.5 Students who pass (i.e. attain a grade of D3 or above) a resit of a previously failed module will receive a capped grade of D3 for that module. Transcripts of achievement on work undertaken at the University will also indicate whether or not the module grade was achieved at the first attempt. Capping at D3 applies to the reported module grades, and not to individual elements of assessment.

4.6 * For the BA (Hons) Community Education, BA (Hons) Social Work, MA (Hons) Education Programmes (where students graduate after completion of SHE level 4):

- students will be permitted to resit modules at stage 4 for the purposes of Professional Registration. The honours degree classification will be determined using the module grades attained at the first attempt;
- students will be required to achieve a minimum 75% of all credit attained as opposed to 75% of graded credit at stage 4.

4.7 In order to ensure that a student has gained the minimum accumulated credit for the programme, in a subsequent year of study the student must retake the module they previously failed or take such other equivalent module as may be appropriate to the programme requirements and approved by the relevant programme director or ITE Academic Lead (MA Education only) and Board of Examiners in addition to the normal programme of work for that year.

4.8 If the student fails to achieve a pass in a single module which is required for progression, the Board of Examiners may use its discretion to allow progression to a subsequent level under such conditions as the Board of Examiners shall determine. Failed modules must be retaken and passed in the subsequent year.

4.9 In assessing students’ individual module performance and in determining students’ award classification the Board of Examiners will take all relevant circumstances into account.

4.10 The schedules, and any subsequent changes, to be used to calculate Honours classifications are to be approved by School Board via the School Quality and Academic Standards Committee and must be published in the appropriate Programme Handbook.
*The University of Dundee reserves the right to make amendments to our academic policies and regulations. Any such changes would be made in consultation with the student body through the Dundee University Students’ Association and students will be advised of any such changes. Programme regulations are established in accordance with the University of Dundee Regulation and Policy, which takes precedence over the requirements set out in these regulations.*

4.11 If, through disability, the student is unable to be assessed by the usual methods specified for the programme the methods may be varied. Students should refer to section 2.7 of the University Assessment Policy for further information.

4.12 Incidents of suspected plagiarism and academic dishonesty are dealt with under the relevant University Senate regulations. See https://www.dundee.ac.uk/governance/dca/discipline/plagiarism/.

4.13 Explicit criteria for prizes and letters of commendation are required to be approved by School Board via the School Quality and Academic Standards Committee and must be published in the appropriate Programme Handbook.

5. **PROGRAMME MANAGEMENT**

5.1 The student will be provided with a link to the Programme Handbook. These supplement the Regulations and are approved by School QASC.

5.2 External Examiners are appointed and operate in accordance with procedures determined by Senate and the School QASC.

5.3 Membership of the Board of Examiners is approved by School Board and consists of the relevant academic staff, the relevant External Examiners and the School Manager. The Chair of the Board of Examiners will normally be the Associate Dean of Quality and Academic Standards, the Associate Dean of Learning and Teaching, the Head of Undergraduate Studies or the Head of Taught Postgraduate Studies.

5.4 Students will be allocated an Adviser of Studies whose responsibility it is to advise students on and approve their choice of modules, electives and programme of study and provide general academic and pastoral advice and support.

The Adviser of Studies acts as a first point of contact for students in many cases and is a role that is pivotal in providing support, advice and encouragement to meet students’ individual development needs.

The Adviser of Studies has two main roles:

*Academic* – to be available to give advice and guidance at key stages to help students make course choices; to support students with personal development planning where applicable; and to give advice on professional and academic progress and skills development, offering useful improvement strategies and highlighting opportunities for engagement and professional development.
This can be achieved through

- maintaining regular contact with students;
- supporting students in academic career development planning, and signposting specialist staff who can provide guidance;
- liaising with other members of academic staff, as appropriate;
- following up on students who are not making satisfactory progress or who have poor attendance records;
- where applicable, writing references for current or former students.

*Pastoral* – to be available to offer general advice and information and ensure that students who are experiencing difficulties are supported through referral to the appropriate professional service(s).

This can be achieved through:

- providing basic pastoral support to students;
- maintaining awareness of other sources of support within School/University/DUSA and referring students as appropriate.

5.5 The relationship between the School and external bodies involved in the delivery of the programme is subject to the formal approval and quality assurance mechanisms of the School. External bodies are involved in the assessment of practice, Boards of Examiners, and the provision of external lectures.
