BRP (Biometric Residence Permit) - for New Arrivals

Do I need to collect my BRP card at the Post Office?

On your arrival in the UK, you will be required to collect your BRP card at the Post Office, you will normally have an Entry Clearance Vignette in your passport lasting 30 days and a letter from the UKVI confirming which Post Office you should collect this from. If so, you should take your passport and letter to the Dundee Post Office as soon as possible (and within 10 days of arrival) to collect your BRP card. You will need this before you can attend matriculation/registration.

The Post Office is within 10 minutes walking distance from the campus (see map below or at http://uod.ac.uk/walk-to-post-office). Any Taxi provider will be able to take you to this location also. During Freshers week, please look out for student guides who will happy to direct you.
