University of Dundee Global Excellence Scholarship (Taught Postgraduate)

Terms and Conditions

1. Eligibility

PG1 Applicants
- The value of the Scholarship is £5000 in the entry year only for overseas fee-status applicants matriculating with entry qualifications at UK 1st Class Honours Degree or equivalent (the “PG1 Applicants”). PG1 Applicants will be automatically eligible for the Scholarship so there is no need to apply. However, award of the Scholarship shall be: (i) subject to availability; and (ii) at the sole discretion of the University of Dundee (the “UoD”).

PG2 Applicants
- The value of the Scholarship is £5000 in the entry year only for overseas fee-status applicants matriculating with entry qualifications lower than UK 1st Class Honours Degree or equivalent (the “PG2 Applicants”) who have applied for and have been awarded the Scholarship. In general, applications will be considered from applicants with entry qualifications of UK 2nd Class Honours Degree up to UK 1st Class Honours Degree or equivalent with evidence of wider achievement. PG2 Applicants must apply for the Scholarship following receipt of a conditional or unconditional academic offer from the UoD. Instructions on how to apply will be sent shortly after the formal academic offer email.
- Scholarships (in respect of the PG2 Applicants) will be awarded to students based on their academic performance to date, their formal application and the content of their Scholarship application form.

All Applicants
- Applicants presenting with undergraduate clinical degrees or from a university where a degree classification has not been provided will be assessed solely on their Scholarship application.
- Grade equivalency is at the discretion of the UoD.
- To be eligible to apply prospective students must have formally applied to the UoD for an eligible programme of study and received an unconditional or conditional offer.
- In respect of all prospective students, to be eligible an applicant must:
  o have been classified as overseas fee status by the UoD;
  o have met all the academic conditions attached to their offer of admission for entry to the UoD; and
  o have obtained the qualification specified in the Scholarship offer.
- A prospective student must accept the UoD’s offer of the Scholarship (the “Offer”) by the deadline set out in the Offer. The UoD reserves the right to withdraw the Offer if it is not accepted by the given deadline.
- The Scholarship is available for full-time, part-time and distance learning programmes. The Scholarship is offered in the entry year for full-time programmes and on a pro-rata basis for part-time programmes. (For example, for a postgraduate programme awarding 60 credits you could be eligible for 1/3 of the full Scholarship).
• Some of the UoD's specialist programmes charge the same fee to all students regardless of fee-status. For these programmes all applicants will be invited to apply for the Scholarship, regardless of fee-status.
• The Scholarship may be held in conjunction with other University of Dundee awards, such as the Dundee Alumni Scholarship. Where a scholarship or bursary has been awarded as part of a partnership arrangement with another university, the highest value scholarship will be applied.
• External scholarships can be held in conjunction with the Scholarship, but not to a value exceeding the full tuition fee.
• If you are on a non-graduating year at the University of Dundee, you are not eligible for this scholarship.

2. Registration and Award

• It is a requirement of the Scholarship that awardees of the Scholarship ("Awardee") fully matriculate and are enrolled on their programme of study within three (3) weeks of their programme's published start date, and that they remain so for the duration of their Scholarship. Where an Awardee fails to matriculate on their programme of study on expiry of three (3) weeks following their programme's published start date the UoD reserves the right to withdraw the Scholarship with immediate effect, without any liability to the Awardee, whatsoever. Scholarship deferral will be considered on a case by case basis.
• In the event that an Awardee is required to repeat an academic year of study for any reason, they shall not be entitled to receive the Scholarship during such repeat year of study.
• The Scholarship will be deducted from the published tuition fee for the relevant programme of study for the applicable academic entry year.

3. Withdrawal of Scholarship

• The Scholarship shall cease where at any point during a programme of study an Awardee withdraws from their programme of study or ceases to be fully matriculated with the UoD. It is an Awardee's responsibility to ensure that they are fully aware of all the circumstances under which their registration status may change. Under any such circumstances, the UoD shall be entitled to seek repayment of any portion of the Scholarship which may already have been awarded to such an Awardee.
• The UoD reserves the right to withdraw an Awardee's Scholarship immediately and without notice to the Awardee where they are determined by the UoD to have misled the UoD or provided inaccurate or untrue information about any aspect of their eligibility to receive the Scholarship. Under any such circumstances, the UoD shall be entitled to seek repayment of any portion of the Scholarship which may already have been awarded to such an Awardee.
• The UoD reserves the right to withdraw the Scholarship and, at the UoD's sole discretion, require the repayment of the Scholarship amount previously awarded to an Awardee where: (i) the Awardee breaches any of the UoD student rules, regulations, policies and procedures and/or any applicable UK visa and immigration regulations; or (ii) the Awardee engages in any activity that would bring the UoD into disrepute.

The UoD may unilaterally change these terms and conditions by giving an Awardee at least one (1) month's written notice of the UoD's intention to do so.
