Welcome to the University of Dundee, we hope you enjoy your visit. Duncan of Jordanstone College of Art & Design and Architecture (part of the School of Social Sciences) are at the forefront of Dundee’s thriving creative and innovation scene. The city has been named the UK’s ‘coolest’ city and is the only city in the UK to be awarded the prestigious UNESCO City of Design status.

Our Art, Design & Architecture Open Days give you the chance to see the facilities and hear from first hand what Duncan of Jordanstone College of Art & Design, Architecture and the University of Dundee have to offer.

Meet with members of staff and students, take a walk around our friendly campus in the heart of the city. Experience our world-class facilities and soak up the atmosphere of Scotland’s top university for Art & Design (Complete University Guide 2019).

We highly recommend you take part in a tour of our facilities and studios. Our tours are led by current students who can provide first-hand knowledge of what it is like to be a student at the University of Dundee.
